ABOUT M.U.S.T.

Founded in 2000, Macau University of Science and Technology (M.U.S.T.) has rapidly developed into the largest multi-disciplinary university in Macao. Upholding the motto of "Dedication to Practical Studies, Enhancement of Knowledge, Ability, and Quality", M.U.S.T. adheres to its mission to promote cultural exchange, nurture intellectual growth, foster economic development, and further societal progress. M.U.S.T. awards academic degrees at Doctoral, Master, and Bachelor levels. To cater to different interests from different people, M.U.S.T. offers tens of programs conducted mainly in English, with some conducted either in Chinese, Portuguese, or Spanish. The University is young and with great potential to make great progress in all areas. As a leading institution of research, teaching, and technology innovation, it has made a significant contribution to society.

ACADEMIC RESEARCH AND COMMUNITY COMMITMENT

In recent years, M.U.S.T. has made weighty publications in many fields. A sizable amount of papers has been published in world-renowned journals, such as *Nature Medicine*, *Nature Astronomy*, and *Nature Communications*. After years of efforts, the university now has three national-level research platforms: The State Key Laboratory of Quality Research in Chinese Medicine, State Key Laboratory of Lunar and Planetary Sciences, and National Observation and Research Station of Coastal Ecological Environments in Macao (NSM). Furthermore, several major research institutes and research centers have been established. These laboratories and institutes also contribute to Macao's development and moderate economic diversification by providing opportunities and platforms for nurturing outstanding research talent.

INTERNATIONAL ACCREDITATION AND QUALITY EDUCATION

In 2021, many programs passed the review and evaluation of the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ), a third-party professional organization.

In 2022, M.U.S.T. became the first university in Macao to receive full Institutional Accreditation (IA) by the UK Quality Assurance Agency for Higher Education (QAA).

In 2023, School of Business at M.U.S.T. has earned the international accreditation of The Association to Advance Collegiate Schools of Business (AACSB) and been positioned among the top 6% of business schools globally.

Global Ranking of Academic Subjects 2022

Biological Sciences	#401-500

SMART CAMPUS AND COMPREHENSIVE SUPPORT

M.U.S.T. places high value on technologies that improve the quality and efficiency of services on campus, with not only high-speed WIFI, but also an intelligent APP, WeMust, providing a variety of conveniences: signing in at the class, borrowing books at the library, placing lunch orders from the dormitory, and paying at the cafeteria. Moreover, students can also submit applications and fees, participating in activities, and making inquiries outside the campus with this ubiquitous, 24 hours' intelligent campus supports.

TALENTS ASSEMBLY AND PEER ADVANCE

A faculty with multinational background secures the development of quality education and exemplary research. These specialists include academics from the Chinese Academy of Sciences, Chinese Academy of Engineering, Academia Sinica in Taiwan, United States National Academy of Sciences. Some of them are Highly Cited scholars and other top scholars. In the years past, M.U.S.T. has been gaining in academic reputation worldwide. The enrollment keeps setting new records in numbers and quantities, with postgraduate applicants coming from top universities. With the infuse of more and more aspiring talents, the source of the postgraduate students keeps getting optimized.

Important Dates

Admissions	Priority Admission	Recommended for Admission	Regular Admission
Type of Applicant	Approved by the China Ministry of Education, outstanding fresh graduates who have received the qualification for postgraduate exemption from the Mainland can enroll in our master's program through the Priority Admission. We also accept a small amount of outstanding undergraduate students to pursue doctoral programs directly.	To encourage outstanding fresh graduates from M.U.S.T. and collaborative universities, we have specially formulated the <i>Method of Recommended for Admission</i> . As long as the applicant has the relevant qualifications, he or she may apply for Recommended for Admission. Written test and application fees can be waived for eligible applicants.	Applicants who are not applying through priority admission or recommended for admission.
Application Period	12/09/2023 ~ 25/10/2023	12/09/2023 ~ 25/10/2023	12/09/2023 ~ 31/01/2024
Examination Period	Upon completion of the application process, the University will announce the selection results and examination arrangements in batches.		
Acceptance Results	Acceptance results will be released through the online application system in batches until the quota is filled.
